Skills

- C# | .NET | C++ | Python | JavaScript | TypeScript | Data Structures And Algorithms | PostgreSQL | MS Sql | NoSQL | Redis | Git
- Azure | CI/CD | Jest | Unit Testing | Lambda | OOP | Docker | Kubernetes | AWS | Google Cloud Functions | Design Patterns | Linux | TDD
- Microservices | Distributed Systems | Frontend | Backend | Full-Stack | **English, Russian, Armenian** – All professional proficiency or above

Experience

Software Engineer

[EPAM](#)

Yerevan, Armenia 04/2025 – Present

- Worked as a contractor at [Thomson Reuters](#), contributing to Python, .NET and Node.js (TypeScript) backends.
- Maintained a legacy Node.js frontend and developed modern features using **Micro Frontends** with TypeScript, React and Angular.

Software Engineer

[Evistep](#)

Yerevan, Armenia 09/2024 – 04/2025

- Built application called Mortgage Maker, implementing complex calculations, interactive charts, responsive UI, and drag-and-drop features using Node.js Next.js, TypeScript, Postgres, Elastic Search and Redux.
- Created a Node.js custom backend architecture based on Domain-Driven Design (DDD) and Clean Architecture principles.
- Integrated AWS (S3, SES) and OpenAI API for news generation; wrote **40+** pages of technical documentation in Markdown.

Software Engineer

[Aramaze](#)

Yerevan, Armenia 05/2023 – 07/2024

- Built an Uber-like cleaning service app using .NET, Node.js, Typescript, React and React Native, learning React Native from scratch and delivering a stable production app.
- Integrated Keycloak, Google Maps, Distance Matrix, and Place Autocomplete APIs.

Software Engineer

[FreelanceHunt](#) (Freelancer)

Yerevan, Armenia 12/2021 – 04/2022

- Done little bit freelancing on freelancehunt platform, using PHP, React and .NET.

Certifications

[SystemExpert](#)

[Mastering Large-Scale System
Design – AlgoExpert](#)

Issued: March 2025

- Learned how to design **large-scale distributed systems** using **modern technologies** and **third-party services** like **AWS** and **Google Cloud Platform**.

[AlgoExpert](#)

[Mastering Data Structures and
Algorithms - AlgoExpert](#)

- Currently improving problem-solving skills in coding challenges, data structures, and algorithms.

Education

Bachelor's degree

National Polytechnic University of
Armenia (*Distant learning*)

Yerevan, Armenia 07/2024 - Present

College degree

Yerevan State College of Informatics

Yerevan, Armenia 09/2020 - 06/2024
